*How secure is your business?
Starside has the answers
Total Facilities Management*

Pre Employment

Why choose Starside for your pre-employment screening needs? We deliver accurate, secure and timely information empowering you to hire the best and most qualified candidates.

Nearly 50% or more of hiring managers report they caught a job candidate lying on his or her resume.

On-the-job violence costs employers \$36 billion each year.

The average award in a workplace violence lawsuit exceeds \$1 million per case.

Physical Security

Our Security Guards are a vital part of your organization protecting people, property and information. Our security staff are thoroughly screened and trained with a commitment to customer service. Our experienced management team provides comprehensive post orders and supervision giving our clients peace of mind. We offer elite protective services for clients who seek special security measures. Our Executive Protection Agents are highly skilled with law enforcement or military backgrounds. From details large or small Starside will gladly meet with you to discuss your unique security needs.

Investigation Services

Starside's investigators are thoroughly trained and report directly to the executive staff. Investigators are assigned based on their area of expertise to service our client's individual needs. Discretion is of the utmost importance. Our professional and skilled investigators are inconspicuous blending into their environment.

Cameras and Alarms

Starside has added cameras and alarm systems to our security service package offered to our clients. In addition, access control systems, corporate ID cards and locksmith services complete our Total Facilities Management division. Our business is protecting yours. Call a representative today.
